DO YOU  
WANT MORE  
THAN  
"BARELY ENOUGH"?

Just enough income to barely meet actual needs can become a frustrating and dull way of life. Yet this is true of many who live on a limited pension. Investment earnings can help but may not be all that is required to really enjoy life. Cashing investments is only a temporary solution which eventually means less income and still more money worries.

• The solution — **A Canadian Government Annuity** — the ideal supplement to other pension or investment provisions for retirement. It provides a **guaranteed income for life** which combines capital and interest into a steady, dependable, regular monthly income. There are no worries about fluctuation or re-investment. The amount of money required to purchase an annuity will depend on your sex, age, annuity plan chosen and the amount you want to receive.

Government  
Annuity!

NOT FOR LIBRARY MATERIAL

You save twice with a Canadian Government Annuity:

# 1. Save for your retirement 2. Save on Income Tax Today

Start planning now to be independent when you retire — and save money in the meantime. A Canadian Government Annuity is the ideal way to assure a regular monthly retirement income that's *guaranteed* for as long as you live.

## PAYMENTS ARE TAX DEDUCTIBLE

Just register your Annuity as a Retirement Savings Plan, and your premiums are deductible for Income Tax purposes — within certain limits. The savings help you pay for your Annuity.

## IT'S TAILORED- TO-MEASURE

You choose exactly the Annuity plan for your needs — depending upon your age, your future family and employment plans, the amount of income you want upon retiring. Your own *personal* plan.

## IT'S GOVERNMENT-GUARANTEED

Your Annuity is fully backed by the Canadian Government. Your savings are invested at compound interest to grow and multiply, to assure you a definite income when your working days are over.

## IT'S FULLY PORTABLE

Your Annuity goes wherever you go — if you change jobs, move, go into business for yourself — without interrupting your payment pattern or altering your future plans. That's peace of mind.

## WIDE CHOICE OF PLANS

You can choose the *Life Plan* for a monthly income as long as you live. Or the *Guaranteed Plan*, also payable for life but in any event guaranteed for a set number of years — 5, 10, 15 or 20. Or the *Contingent Survivor Plan*, which continues payments to your widow after your death.

You can purchase a Deferred Annuity with regular monthly deposits, or an Immediate Annuity for a lump sum. For instance, if you receive a lump payment on termination of employment, you can invest it in a Canadian Government Annuity and save the Income Tax you would otherwise have to pay. And, if you are 55 or over, the purchase price of your Immediate Annuity is now based on a higher rate of compound interest.

Young or old, just starting to work or ready to retire, if you have savings you want to invest solidly — it would be well worth your while to discuss it with the helpful Canadian Government Annuities Representative near you. Just fill in and mail this coupon, postage free.

For full particulars on the annuity plan you prefer complete this coupon which may be mailed, or enclosed in an envelope, postage free, to:
